

Relevant information, documents, or photographs that are pertinent to the development and evolution of the ISN will be assembled in the Archive.

Members of the ISN or other readers of *Kidney International* having such material are requested to forward it to Dr. Gottschalk at the following address: Carl W. Gottschalk, M.D., Department of Medicine 226-H, University of North Carolina, Chapel Hill, North Carolina 27514 USA.

MEETINGS

The Nahariya Conference on Calcium and Calcium Related Diseases has been postponed to a future date, as yet undecided. This decision has been taken by the organizers, unfortunately, because of the present political situation prevailing in the area. The new date will be announced as soon as possible. For further information, contact Dr. Tamar Shklonik, Head of Clinical and Research Laboratories, Nahariya Regional Hospital, Nahariya 22100, Israel.

Homer W. Smith Professorship. A visiting professorship has been established at New York University School of Medicine to honor the memory of Homer W. Smith, Chair of Physiology from 1928–1961, a leading figure in renal physiology and a seminal writer on diverse topics relating to science and society. The first Homer W. Smith Professor is Ilya Prigogine of the Free University in Brussels and the University of Texas in Austin. Professor Prigogine was awarded the Nobel Prize in Chemistry in 1977 for his work on dissipative structures far from equilibrium, which has far-reaching implications for biological systems and processes, notably morphogenesis and evolution.

Professor Prigogine will deliver the inaugural lecture at New York University School of Medicine on Thursday, May 2, 1991 at 4:00 P.M. His topic will be: “*Theoretical Physics and Biology: An Everlasting Dialogue*”. Professor Prigogine will deliver a second lecture to the university community on Friday, May 3. The title of this lecture will be: “*Time, Dynamics and Chaos—An Alternative Formulation of Classical and Quantum Dynamics*.” For more information, please telephone Mary Clarke: (212) 263-5415.

The 1991 Necker Seminars in Nephrology will be held on May 13–15, 1991 at Necker Hospital in Paris, France. The annual Tuesday symposium will be “Genetic Factors in Renal Diseases.” For further information and a copy of the program, contact Doreen Broneer, Département de Néphrologie, Hôpital Necker, 161 Rue de Sèvres, 75743 Paris Cedex 15, France. Telephone: 33.1.42.73.85.63/FAX: 33.1.42.73.80.04.

The Fourth International Course on Peritoneal Dialysis will be held on May 21–24, 1991 in Vicenza, Italy. It is officially sponsored by the International Society for Peritoneal Dialysis. English will be the official language, but there will be simultaneous translations of English-Italian provided. For further information, contact Dr. M. Feriani, Department of Nephrology, St. Bortolo Hospital U.L.S.S. 8, 36100 Vicenza, Italy. Telephone: 444-993650; FAX 444-920693.

The International Conference on Acid-Base Balance: Molecular, Cellular, and Clinical Aspects will be held in Capri, Italy on June 3–5, 1991. The meeting has been planned to provide an opportunity for interaction between basic scientists and clinicians. Topics will include molecular biology of acid-base transporters; the role of kidney, liver, stomach, intestine, lungs, and

bone in providing acid-base regulation; work-up of patients with acid-base disorders; new diagnostic procedures; problems of acid-base regulation in renal failure and dialysis. For further information, contact Natale G. De Santo, M.D. of Giovambattista Capasso, M.D., Chair of Nephrology, Building 17, Policlinico via Pansini 5, Naples, Italy. Telephone (x39) 81/7466650, 6651 or 6652; FAX (x39) 81/5451278.

Forefronts in Nephrology

Biology of the Glomerular Mesangium, a symposium sponsored by the International Society of Nephrology, will be held on June 9–12, 1991 in Kloster Banz, near Erlangen-Nürnberg, F.R. Germany. Topics will include: mesangial cell growth control by paracrine and autocrine mechanisms, mesangial cell-inflammatory cell interactions, and mesangial extracellular matrix and cell-matrix interactions. There will be poster sessions in addition to invited lectures. Attendance is limited to 80, with priority for acceptance given to young investigators working in cell and molecular biology of the glomerulus. To apply for attendance and travel awards and young researchers, send a curriculum vitae with a brief cover letter indicating your present interest and activity in this field of research to R. Bernd Sterzel, Department Medicine IV, University Erlangen-Nürnberg, Konsumgarten 14-18, 8500 Nürnberg 80, Federal Republic of Germany. FAX: 911/26 73 14; Telephone: 911/398 27 02.

The VI Portuguese Congress of Nephrology will be held in Lisbon on June 11–13, 1991. For further information, contact the Congress Secretariat: Pedro Ponce, M.D., Hospital Santa Cruz, Nephrology Department, 2795 Carnaxide, Portugal.

The Ninth Annual Meeting of the International Society of Blood Purification will be held June 14–16, 1991 in Nagoya, Japan. Topics of discussion will include: hemodialysis, hemodiafiltration, hemofiltration, peritoneal dialysis, plasmapheresis and all therapeutic approaches or technology involved in extracorporeal blood circulation and problems of autoblood transfusion, and related to blood banking. For further information, contact Dr. Saito, The Bio-Dynamics Research Institute of the Shinseikai Foundation, 1-3-2, Tamamizu-cho, Mizuho-ku, Nagoya-shi, 467, Japan. Telephone: 052-832-8411; FAX: 052-833-4966.

The International Symposium on Aldosterone will be held at Fontevault Abbey, Saumur, France on June 24–26, 1991. The meeting will be under the auspices of INSERM, and of the International Society of Nephrology, and sponsored by Searle Foundation for hypertension research. Topics will include all aspects of aldosterone action: molecular biology, biochemistry, cell biology and physiology, transport studies. The symposium will be in honor of Dr I.S. Edelman. The program will consist of invited international experts and poster presentations. Attendance is limited to 100. For further information contact Dr J.P. Bonvalet, INSERM-U 246, Dépt. Biologie, SBCe, CEN Saclay, 91191 Gif/Yvette, France (Fax: (33) (1) 69.08.80.46).

The Second International Congress on Amino Acids and Analogues will be held on August 5–9, 1991 in Vienna, Austria. Topics will include: analysis, separation, synthesis, biosynthesis, nutrition, cross-linking amino acids, updating of tryptophan, amino acids and the immune system (including AIDS), sports medicine, racemization, methylation of amino acids, roles for arginine, neurochemistry (excitatory amino acids, food chem-

istry and technology, radiated food amino acids), polyamines, renal physiology, gastroenterology, amino acids and behavior, inborn errors of metabolism, molecular biology, therapeutic implications, pharmacology, and amino acids as free oxygen radical scavengers and stable isotopes. For further information, contact Gert Lubec, University of Vienna, Department of Paediatrics, Wahringer Gurtel 18, A 1090 Vienna, Austria. Telephone: (222) 23 40 424; FAX (222) 40 400 3238.

The International Workshop on Alport Syndrome will be held on August 23–24, 1991 in Oulu, Finland. Topics will include: clinical aspects of Alport syndrome the glomerular basement membrane structure, and details of mutations. New approaches for diagnosis, diagnostic testing and coordination of future research will also be discussed. The deadline for application is July 1, 1991. For further information, please contact Karl Tryggvason, M.D., Ph.D., International Workshop on Alport Syndrome, Biocenter and Department of Biochemistry, University of Oulu, SF-90570 Oulu, Finland. Telephone: 358-81-352355; FAX: 358-81-352356.

The Eighth International Congress for Stereology will be held on August 25–30, 1991 at the University of California, Irvine (UCI). Courses will be held in basic stereology and mathematical morphology, workshops on current methods in quantitative morphology, plenary symposia and poster sessions. For further information, contact Paul J. McMillan, Organizer 8 ICS, Anatomy Department, Loma Linda University, Loma Linda, California 92350, USA. Telephone: (714) 824-4301; FAX: (714) 824-4577.

The Sixth International Congress on Nutrition and Metabolism in Renal Disease will be held in Harrogate, United Kingdom on August 26–30, 1991, immediately preceding the European Dialysis and Transplant meeting in Belgrade on September 2–5, 1991. For further information, contact Joel D. Kopple, M.D., Division of Nephrology and Hypertension, Harbor-UCLA Medical Center, 1000 West Carson Street, Torrance, California 90509, USA, or A. Meguid El Nahas, M.D., Sheffield Kidney Institute, Northern General Hospital, Herries Road, Sheffield, S5 7AU, United Kingdom. Telephone: 0742-434343 (ext. 4017); FAX 0742-560472.

The XXVIIIth Congress of the European Dialysis and Transplant Association—European Renal Association (EDTA/ERA) will be held on September 1–4, 1991 in Belgrade, Yugoslavia at the Sava Congress Center. For further information, please contact the Organizing Secretariat, YUGOTOURS, Congress, Incentive & Exhibition Dept., Djure Djaković 31, 11000 Belgrade, Yugoslavia. Telephone: 38 11 / 763-028, 764-622; FAX 38 11 / 766-447; Telex: 11000. 12902. or Prof. dr. Vladimir Petronić, Medical Faculty—Clinical Center, Pasterova 2, 11000 Belgrade, Yugoslavia. Telephone: (011) 687-160; Telex: 12099; FAX: 646 988.

The 3rd International Symposium on Diabetic Angiopathy in Childhood will be held on September 2–4, 1991 in Berlin, Germany. Topics will include: matrix metabolism, diagnostics and therapy of diabetic nephropathy. The proceedings will be published. For further information, contact Dr. Bruno Weber, Universitäts-Kinderklinik, Heubnerweg 6, D-W 1000 Berlin 19, Germany. Telephone: 30-3035-1; FAX: 30-3035-4638. In the U.S., contact Dr. Thomas Danne, Joslin Diabetes Center, One Joslin Place, Boston, Massachusetts 02215, USA. Telephone: (617) 732-2568; FAX: (617) 732-2593.

Forefronts in Nephrology

Cell and Molecular Biology of Basement Membrane in Health and Disease, a symposium sponsored by the International Society of Nephrology, the National Institutes of Health, and the University City Science Center, Philadelphia, will be held at the Airlie Center, Virginia on September 20–22, 1991. Molecular interactions and cell receptors, regulation of gene expression, development and growth regulation, regulation of degradation of basement membrane, and basement membrane involvement in various disease states will be discussed. Formal presentations, informal discussions and poster sessions will be included. This symposium will be chaired by Drs. Nicholas Kefalides, Lance Liotta and Eric Neilson. Attendance is limited. Junior investigators may apply for assistance with travel costs. For further information, please contact Dr. Nicholas Kefalides, Connective Tissue Research Institute, University City Science Center, 3624 Market Street, Philadelphia, Pennsylvania 19104, USA. Telephone: (215) 387-2255; FAX (215) 382-0056.

The Second Seminar on Renal Involvement in Systemic Vasculitis will be held on September 21, 1991 in Vimercate (located near Milan), Italy. Topics will include: immunopathology of systemic lupus erythematosus, with an emphasis on anti-endothelial and anti-cardiolipin antibodies, clinico-pathological correlations and treatment. For further information, contact Dr. Adalberto Sessa, Unità Operativa di Nefrologia e Dialisi, Ospedale di Vimercate, 20059 Vimercate (Milano), Italia. Telephone: (39) 6654544; FAX: (39) 669079.

The International Symposium on Acute Renal Failure will be held on October 2–4, 1991 at the University of North Carolina at Chapel Hill, North Carolina. This meeting will honor Dr. E.G.L. Bywaters at the 50th anniversary of the publication of his observations on crushing injuries and acute renal failure and will be part of the University's bicentennial celebration. Topics will include post-traumatic acute renal failure (ARF), disaster assistance for ARF, prevention of ARF associated with transplantation, ischemic and nephrotoxic renal injury, recovery from renal injury, the molecular biology of renal injury and repair, and acute renal failure in glomerular disease. For further information, contact the Office of Continuing Medical Education, 231 MacNider Building, CB #7000, Chapel Hill, North Carolina 27599-7000, USA. Telephone: (919) 962-2118.

The 31st Annual Scientific Symposium on Kidney Disease, sponsored by the National Kidney Foundation of Southern California, will be held on October 12, 1991 in La Jolla, California, USA. Current information about nephrology and complications of CRF will be presented. Individual sessions will be held for physicians, nurses, dietitians, social workers, and technicians. For further information, contact Sylvie Tarro, Kidney Foundation office, 5777 W. Century Blvd., Suite 395, Los Angeles, California 90045, USA. Telephone: (213) 641-8152.

The 4th Berliner Dialyseseminar will be held on November 29–30, 1991 in Berlin, Germany. The purpose of the meeting is to provide basic knowledge on the entire field of renal replacement therapy. There will be only invited lectures. For further information, contact Prof. Dr. K. Schaefer, St. Joseph-Krankenhaus I-Med. Abt. II, Bäumerplan 24, D-W-1000 Berlin 42, Germany. Telephone: (030) 7882-0; FAX: (030) 7882-2669.

Forefronts in Nephrology

Newer Aspects of Renal Cell Injury, a symposium sponsored by the International Society of Nephrology, will be held in Chatham, Cape Cod, Massachusetts on October 6-9, 1991. Topics will include structural alterations in renal injury, the role of proteases and heat-shock proteins, metabolic alterations including phospholipase activation, the roles of calcium, gene activation and repair, and synergy between hypoxic and toxic injury. Poster sessions will be included. This Symposium is chaired by Drs. Franklin H. Epstein and Lazaro Mandel. Attendance is limited. For further information, please contact Dr. Franklin H. Epstein, Department of Medicine, Beth Israel Hospital, 330 Brookline Avenue, Boston, Massachusetts 02215, USA. Telephone (617) 735-4104.

The VIII Congress of the Latin American Society of Nephrology will be held at the Casa de la Cultura Ecuatoriana, Quito, Ecuador on October 20-24, 1991. Topics will include: renal physiology, acute renal insufficiency, chronic renal insufficiency, dialysis and transplantation, mineral metabolism and nutrition, arterial hypertension, and clinical nephrology. For further information, contact the Secretariat of the Organizing Committee, P.O. Box 11495 CCNU, Quito, Ecuador, South America. FAX: (593-2) 554947.

The Festschrift in honor of Priscilla Kincaid-Smith will be held in Melbourne, Australia on November 5-8, 1991. The scientific program will include topics in: glomerulonephritis (pathogenesis, current concepts, urinalysis); renal pathology (new techniques, renal receptors, gene expression); hypertension, pregnancy (renal hypertension, hormones, modern management); tubulo-interstitial disease (analgesic nephropathy, lithium nephrotoxicity, PKD, reflux nephropathy); and transplantation (recurrent glomerulopathy, management of rejection). For further information, contact The Festschrift Organizing Committee, c/o Department of Nephrology, The Royal Melbourne Hospital, Victoria 3050, Australia.

The 1991 American Society of Nephrology Annual Meeting will be held on November 17-20, 1991 at the Baltimore Convention Center, Baltimore, Maryland. For further information contact the American Society of Nephrology, Suite 700, 1101 Connecticut Avenue, N.W., Washington, D.C. 20036. Telephone: (202) 857-1190.

Molecular Approaches to Nephrology: Prospects in Diagnosis and Management is an international meeting to be held in Bari, Italy on March 19-21, 1992. Recent developments in molecular biology in nephrology will be discussed in lectures, round tables and poster sessions. For further information, contact Prof. F. Paolo Schena, Institute of Nephrology, University of Bari, Polyclinic, 70124 Bari, Italy. Telephone: 39-80-271237.

The Seventh International Symposium on Salt will be held on April 6-9, 1992 in Kyoto, Japan. The abstract deadline is February 28, 1991. The symposium is open to scientists, engineers, miners, briners and physicians. Topics will include: sodium and other electrolytes in hypertension, salt and additives in nutrition, physiological role of salt, salt appetite, problems in epidemiological study and history of salt. Related topics include: geochemistry, mineralogy, dissolution theory, cavern utilization, solar evaporation, seawater desalination by-products and chemistry, and soil and plant culture. For

further information, please contact Secretariat, Seventh International Symposium on Salt, c/o Japan Tobacco Inc., 8th Floor, Shinkasumigaseki Building 3-2, Kasumigaseki 3-chome, Chiyoda-ku, Tokyo 100, Japan. Telephone: 03-592-8470; FAX: 03-595-2429.

The III International Conference on SLE will be held in the Queen Elizabeth II Conference Centre, Westminster, London, United Kingdom on April 13-15, 1992. For further information, contact Dr. Graham Hughes, Rheumatology Department, St. Thomas' Hospital, London SE1 7EH, England, United Kingdom. Telephone and FAX number: (01) 633-9422.

The 8th International Symposium on Radionuclides in Nephrourology will be held on May 6-8, 1992 at the Chester Grosvenor, Chester, England. For further information, contact P.H. O'Reilly, M.D., Department of Urology, Stepping Hill Hospital, Stockport, Cheshire, SK2 7JE England, United Kingdom. Telephone: 061-419 5484/5; FAX: 061-419 5699.

The 9th Asian Colloquium in Nephrology will be held on May 17-22, 1992 in Seoul, Korea. For further information, contact Professor Myung-Jae Kim, M.D., The Korean Society of Nephrology, Division of Nephrology, Department of Internal Medicine, Kyung Hee University Medical Center, #1 Hoiki-Dong, Dongdaemoon-Ku, Seoul, Korea 130-702. Telephone: (02) 967-3971-5; FAX (02) 744-0682.

The VIIth International Symposium on Urolithiasis and Related Clinical Research will be held on August 24-27, 1992 in Cairns, Australia. For further information, contact Dr. Rosemary Ryall, Urology Unit, Department of Surgery, Flinders Medical Centre, Bedford Park 5042, Australia.

The Third European Symposium on Uroradiology Imaging and Intervention will be held at Herlev Hospital, University of Copenhagen, Denmark on August 24-27, 1992. Topics will include: ESWL and intervention in renal calculi, pediatric uroradiology, renovascular hypertension, glomerular filtration rate, MRI in uroradiology, lower urinary tract cancer, female genital radiology, and scrotal imaging. For further information, contact Henrik S. Thomsen, M.D., Herlev Hospital, Herlev Ringvej 75, DK-2730 Herlev, Denmark. Telephone: 45 44 53 53 00 ext. 278; FAX 45 44 53 53 32 (Herlev Hospital).

The VIth Congress of the International Society for Peritoneal Dialysis will be held on September 27-30, 1992 in Thessaloniki, Greece. For further information and abstract submission, contact Secretariat, VIth Congress of the International Society for Peritoneal Dialysis, 1st Department of Internal Medicine, AHEPA University Hospital, 546 36 Thessaloniki, Greece.

The 1992 American Society of Nephrology Annual Meeting will be held on November 15-18, 1992 at the Baltimore Convention Center, Baltimore, Maryland. For further information contact the American Society of Nephrology, Suite 700, 1101 Connecticut Avenue, N.W., Washington, D.C. 20036. Telephone: (202) 857-1190.

The 12th International Congress of Nephrology will be held in Jerusalem, Israel on June 13-19, 1993. The Congress president is Joseph B. Rosenfeld. For further information and to ensure that your name is on the mailing list, please contact Professor Joseph B. Rosenfeld, M.D., Head, Department of Internal Medicine 'C', Beilinson Medical Center, P.O. Box 85, Petah Tikva 49100, Israel. Telephone: 972 (3) 922 1605; FAX, c/o Mrs. Ilana Shapiro, 972 (3) 655 674.

The Eleventh Annual Meeting of the International Society of

ISN's International Fellowship Training Awards

Names	Origin country	Institution in which training took place	Start date
1985			
Zhan Jin Hong	PRC	Australia, Victoria (Kincaid-Smith)	07/01/1985 2nd year
Chen Hua	PRC	USA, Minnesota (A.F. Michael)	10/01/1985 2nd year
Kyo Sun Kim	Korea	USA, Boston (W.E. Grupe)	07/01/1985 one year
Zhen Fa Lei	PRC	Belgium, Edegem (E. de Broe)	09/30/1985 2nd year
Mohamed Nzsution	Indonesia	The Netherlands, Groningen (G.K. van Der Hem)	07/01/1985 one year
Romualdo Pacheco Prada	Peru	France, Paris (H. Kreis)	07/01/1985 one year and 4 months
1986			
Alarcon Araya	Chile	USA, Miami (J.J. Bourgoignie)	01/10/1987
Joel Elises	Philippines	UK, Birmingham (C.M. Taylor)	07/01/1986 2nd year
Radi Hamed	Jordan	Canada, Toronto (C.S. Arbus)	07/01/1986 2nd year
Prabha Senguttuvan	South India	UK, London (C. Chantler)	11/05/1986 2nd year
Jose Suassuna	Brazil	UK, London (J.S. Cameron)	01/01/1987 2nd year
1987			
Chi-jiang He	PRC	France, Paris (J.D. Sraer)	11/18/1987 2nd year
Pius Inegbedion Odigi	Nigeria	FRG, Munich (K. Thureau)	02/03/1987 2nd year
Xin-Xia Zhen	PRC	USA, Boston (T.B. Strom)	09/01/1987 2nd year
1988			
Dakshinamurthy Divakar	India	New Zealand (R.R. Bailey)	09/17/1988 2nd year
Shun-mei Liu	PRC	USA, New York (A. Spitzer)	09/11/1988 2nd year
Seth Oumah Mc'Ligeyo	Kenya	UK, London (J.S. Cameron)	03/14/1989 one year
Nidia Pernalet	Venezuela	USA, Missouri (S. Klahr)	09/01/1988 2nd year
1989			
Anthony Bamidele Bello	Nigeria	FRG, Essen (H. Olbing)	10/01/1989 2nd year
Eden Aristides Romero Mora	Ecuador	Italy, Milano (C. Ponticelli)	
Gültekin Süleymanlar	Turkey	USA, Denver (L. Chan)	08/01/1989 2nd year
Rosa Edith Varga Rios	Colombia	France, Paris (M. Broyer)	10/01/1989 2nd year
Min-xia Wang	PRC	Australia, Victoria (Kincaid-Smith)	12/01/1988 2nd year
Xiaonan Wang	PRC	USA, Denver (R.W. Schrier)	12/01/1989 asked for second year
Anthony Jude Di Were Omolo	Kenya	UK, Manchester (R. Gokal)	06/01/1990
1990			
Borut Cizman	Yugoslavia	USA, Philadelphia (P.P. Madaio)	
Remedios Dee Chan	Philippines	USA, New York (A. Spitzer)	
Anant Kumar	India	Australia, Melbourne (V.C. Marshall)	
Bertha E. Martinez-Hernandez	Mexico	UK, London (J.F. Moorhead)	
Brian Jude Gerard Pereira	India	USA, Boston (N.E. Madias)	
Mario Javier Zarama-Medina	Colombia	Australia, Melbourne (R.C. Atkins)	

Blood Purification will be held on September 8–10, 1993 in Trondheim, Norway. Topics of discussion will include: all types of therapeutic blood purification, such as hemodialysis, hemofiltration and peritoneal dialysis, absorption and apheresis, calculations of dosages, immunological and metabolic response related to artificial extracorporeal treatment, blood banking, and new trends in membrane research. For further information, contact Dr. Størker Jørstad, Section of Nephrology, Medical Department, The Regional Hospital of Trondheim, N-7006 Trondheim, Norway.

The 1993 American Society of Nephrology Annual Meeting will be held on November 14–17, 1993 at the Hynd Convention Center, Boston, Massachusetts. For further information contact the American Society of Nephrology, Suite 700, 1101 Connecticut Avenue, N.W., Washington, D.C. 20036. Telephone: (202) 857-1190.

The 1994 American Society of Nephrology Annual Meeting will be held on November 6–9, 1994 at the Baltimore Convention Center, Baltimore, Maryland. For further information contact the American Society of Nephrology, Suite 700, 1101 Connecticut Avenue, N.W., Washington, D.C. 20036. Telephone: (202) 857-1190.

Continuing Education

Renal Update 1991, sponsored by the University of Mississippi Medical Center, will be held on May 29–30, 1991 in Jackson, Mississippi. Topics will include: ARF, co-dependency, quality of life, peritoneal dialysis update, bone disease and nutritional support in CRF, and non-compliance. This conference has been specifically designed for physicians, nurses, social workers and dietitians. For further information, contact Continuing Health Professional Education, The University of Mississippi Medical Center, 2500 North State Street, Jackson, Mississippi 39216-4505, USA. Telephone: (601) 984-1300; FAX: (601) 984-1309.

The Teaching Research Renal Workshop will be held in Erevan, Armenia, USSA from September 25 to October 3, 1991. This meeting is organized by the Renal Commission of the International Union of Physiological Sciences, and is co-sponsored by the International Union of Physiological Sciences and the International Society of Nephrology. Topics of discussion will include membrane transport, ion transport, patch clamp methods, electron microprobe analysis, urine concentration and dilution, renal nerves in kidney function, RBF and GFR

regulation, renin-angiotensin system, and hemodynamics. The meeting is made possible by financial support from Hassle (Sweden), Merck Sharp & Dohme (USA), and Servier (France). For further information, contact Trefor Morgan, M.D., Chairman, Renal Commission of IUPS, Department of Physiology, University of Melbourne, Parkville, Victoria 3052, Australia. Telephone: (61-3) 344 7755; FAX (61-3) 344 5818.

National Societies

The Secretary General of the *International Society of Nephrology* is endeavoring to bring the Society's list of national societies up-to-date. Many such national societies are not affiliated with the ISN or their affiliation has lapsed. To retain their affiliated status and to vote at the General Assembly, a list of individual members is required to be sent annually. Secretaries of national societies therefore are asked to provide the Secretary General with the address to which correspondence should be sent, together with a list of their officers and individual members, and a formal application for affiliation where this has lapsed. Please send these to Dr. Claude Amiel, Département de Physiologie, Faculté de Médecine Xavier Bichat, 16 rue Henri Huchard, 75018 Paris, France.

The *American Society of Nephrology* announces a service to its non-American colleagues. For an annual fee of US \$55, the ASN will send its mailings and announcements, including a copy of the annual abstract book (first class rates only). Checks for \$55, drawn only on a US bank, along with your name and desired mailing address should be sent to the ASN National Office, Suite 700, 1101 Connecticut Ave., NW, Washington, DC 20036.

AWARDS AND GRANTS

1990 ISN's International Fellowship Training Awards

Honorary (no stipend)

Miriam Echevarria from Instituto Venezolano de Investigaciones Cientificas, Caracas, Venezuela to go to University of California, San Francisco, CA, USA with Alan S. Verkman, M.D. (Home Country support US\$17,000/year.)

Luiz Antonio Ribeiro de Moura from Escola Paulista de Medicina, Sao Paulo, Brazil to go to Harvard Medical School, Boston, MA, USA with Helmut G. Rennke, M.D. (Home Country support US\$18,000/year.)

Supplemented

Remedios Dee Chan from University of Santo Tomas, Manila, Philippines to go to Albert Einstein College of Med., NY, USA with Adrian Spitzer, M.D. (Home Country support US\$12,000/year.)

Regular fellowships

Borut Cizman from University Medical Center, Ljubljana, Yugoslavia to go to University of Pennsylvania, Philadelphia, PA, USA with Michael P. Madaio, M.D.

Anant Kumar from Sanjay Gandhi Post-Graduate Institute of Medical Sciences, Lucknow, India to go to Monash Medical Centre, Melbourne, Australia with Vernon C. Marshall, M.D.

Bertha Elia Martinez-Hernandez from Hospital de Especialidades del Centro Medico La Raza, Mexico to go to The Royal Free Hospital, London, UK with John F. Moorhead

Brian Jude Gerard Pereira from St Johns Medical College Hospital, Bangalore, India to go to New England Medical

Centre Hospital, Boston, MA, USA with Nicolaos E. Madias, M.D.

Mario Javier Zarama-Medina from Clinica del Country, Bogota, Colombia to go to Monash Medical Centre, Melbourne, Australia with Robert C. Atkins

International Fellowship Training Awards

The International Society of Nephrology announces the establishment of an International Fellowship Training Program to provide training in clinical nephrology to physicians from developing countries. It is the objective of this program to support the growth of nephrology in developing countries through an educational program that admits qualified applicants to clinical training in recognized nephrology programs around the world, and then to return to their home country to practice and/or teach. In unique circumstances, applicants who wish basic research training may be considered if the environment in the home country will permit continued research upon the completion of training.

The guidelines for application are as follows:

- (1) Fellowship awards will be made only to physicians from developing countries.
- (2) Applicants must provide evidence of acceptance into a recognized and suitable training program before the award can be granted.
- (3) The Fellow must return to his or her home country upon completion of approved training.
- (4) The Fellow must provide evidence of a guaranteed position in a medical institution upon return to the home country.
- (5) Fellows will receive a stipend from the Society such that, taking into account the home country and/or the host institution support that they may have, they achieve a US\$ 15,000 revenue.
- (6) Fellows must be able to read and speak the language of the host country. An interview may be required to assess verbal fluency.
- (7) Fellowships will be offered primarily for clinical training of one to two years duration.
- (8) Clinical training programs should be practical in their orientation, and applicable to the needs and conditions of the home country. The ability of the host institution to provide such training will be an important factor in the selection process.
- (9) Fellows must have received sufficient training in internal medicine or other fields to pass all host country examinations that are necessary to the care of patients. Fellowships may be awarded to senior individuals who seek additional training but, in general, preference will be given to younger physicians who are at the beginning of their permanent careers.
- (10) Specific instructions and the necessary application forms can be obtained by writing directly to Dr. Claude Amiel, Secretary General, International Society of Nephrology, Département de Physiologie, Faculté de Médecine Xavier Bichat, 16, rue Henri Huchard, 75018-Paris, France.
